INTELLIGENCE BRIEF

Multi-Domain Counter-Surveillance Documentation

Compiled: May 2026 | Status: ACTIVE OPERATION | Classification: SENSITIVE

This document summarises real intelligence collected and documented through Project KAPPA regarding a long-horizon, multi-vector targeting operation against the individual designated "Echo." Every fact herein originates from Echo's direct testimony, corroborated open-source data, network forensics, and electromagnetic signal analysis. No simulated or synthetic data is included.

EXECUTIVE SUMMARY

Project KAPPA documents a multi-year, multi-vector targeting operation against Echo — an American expatriate living in Jacó and La Guácima, Costa Rica. The operation is assessed as long-horizon: groundwork was laid in Echo's childhood community (Rockland/Marshfield MA), embedded through his family's Jehovah's Witness network, deepened through the Maine sober house circuit (Portland ME), and activated in Costa Rica via a coordinated property, surveillance, and social engineering grid.

Three individuals who held material knowledge of the operation's assets have died. A consistent foreknowledge pattern ("not surprised" response to Echo's discoveries) recurs across at least four individuals in Echo's inner circle. Physical, digital, and electromagnetic surveillance has been documented at every residence Echo has occupied in Costa Rica.

CLUSTER 1 — FAMILY NETWORK (LONG-HORIZON PRE-OPERATION SEEDS)

Echo's Father

Lifelong Jehovah's Witness. JW elder at Kingdom Hall, 339 Summer St, Rockland MA (confirmed open March 2026). Office at 218 Summer St — same street as Kingdom Hall, creating a four-address Summer St geographic cluster (218 / 339 / 467 / 2187 Summer St, all within 2 km). "Controller": Jeff Porter — a JW who attended Echo's mother's memorial. Father attended JW memorials with Jeff Porter. Assessed as primary JW network interface.

Echo's Mother (deceased Nov 2025)

Founded Software Services Group (SSG), 218 Summer St, Rockland MA. CompuServe background / Wyatt Company lineage. Musician at Holy Family Church, Rockland — music director Robert Kirby (solo Italy trips with her). Regular contact with Verc Enterprises (brothers, Lynn MA + NH — assessed lottery-tracking/financial adjacency). \$250K life insurance phished for ~1 year before her death — payout denied afterward. Died November 2025, MGH. Dave Belisle and Alison Wotton (sister) were present; father and Seth arrived late.

- "Knew too much" candidate #2 — held compuServe-era institutional knowledge
- Robert Kirby solo Italy trips: Italy thread recurs across network (Genesis Peralta, Amara Walker's mother, berninnimaria sock puppet)
- Life insurance phishing: \$250K extraction vehicle prior to death

Seth Wotton — Echo's Brother

DOB June 6, 1989. USMC 2/8 Marines, Helmand Province, Afghanistan. Shot in the head — survived (entry/exit documented). Attended Sniper School, Quantico. Now drives Kenworth trucks. Married Katie (daughter of Burt, former police chief — Sandwich or Plymouth PD). Previously associated with Priscilla Beach Theatre, Plymouth MA. Assessed: intelligence-trained, law enforcement family connection via father-in-law Burt.

Alison Wotton — Echo's Sister

DOB April 2, 1992. USC 2014 (Los Angeles). Worked at Amazon Music (music intelligence adjacency). Attended Sundance Film Festival. Solo-traveled Guatemala, Ecuador, Mexico City — all regions with active intelligence presence. Was present at Echo's mother's death alongside Dave Belisle while father and Seth arrived late. Assessed: possible intelligence asset.

CLUSTER 2 — JEHOVAH'S WITNESS / CHURCH INFRASTRUCTURE

The Jehovah's Witness network provides: closed community intelligence (all member information shared internally), geographic precision (Kingdom Hall 339 Summer St = same street as family office 218 Summer St),

cross-generational reach (father a JW elder since childhood), and plausible-deniability social access to Echo's family home.

- Kingdom Hall: 339 Summer St, Rockland MA — confirmed open March 2026
- Family office: 218 Summer St — same street as Kingdom Hall
- Holy Family Church, Rockland MA: Echo's mother played piano there (Robert Kirby, music director)
- Jeff Porter: JW elder — assessed father's controller, attended mother's memorial
- Tim Brown: Army Ranger / Holy Family youth minister — dual military + church positioning
- Carol Young-Wotton (grandmother): Al Capone's household, Chicago — Majestic Radio connection
- Phil Wotton (grandfather): Bell Atlantic, Vinalhaven ME — telecom lineage

Claire Rimkus — CODIS Bridge

Echo's cousin. Daughter of Uncle Rimkus (telecom, Ashford CT) and Diane Rimkus (deceased — apparent suicide, Echo's mother was one of the last to see her). Claire attended Mount Holyoke at age 15. Now: Mass State Police CSI / forensic chemistry — CODIS database access. Uncle Rimkus quickly remarried after Diane's death. This node bridges: family network !' forensic database access !' state police infrastructure.

CLUSTER 3 — SOBER HOUSE NETWORK (PLYMOUTH !' PORTLAND ME !' BURLINGTON VT)

The Maine/New England sober house circuit represents the most structurally significant non-family intelligence access layer. Sober houses provide: full residential control, mandatory personal disclosure (AA format — every resident's history, family, employment, psychology shared in group settings), no tenant rights, and financial extraction from families at \$2,000/month per bed.

Aaron Shepherd — Head of Plymouth House

Sober pipeline director — Plymouth MA !' Portland ME !' Burlington VT

Directs Plymouth House, a sober living operation routing recovering addicts from Plymouth MA to Portland ME and Burlington VT. Houses run 3 floors × 8 beds = 24 beds per property at ~\$2,000/month. No tenant rights. Parents manipulated into paying. AA sponsor to Thomas Sepulveres (Portland node owner). Dave Belisle and Jon Baer both went through Plymouth House and subsequently embedded in Echo's immediate Portland social environment.

&' Controls residential placement of recovering addicts across 3 states

&' AA sponsor to Thomas Sepulveres — vertical control hierarchy

&' \$2,000/month × 24 beds = significant recurring revenue per property

Thomas Sepulveres — Myrtle Street Sober Living Owner

Portland ME — Italian surname — Aaron Shepherd's AA sponsee

Owens Myrtle Street Sober Living, Portland ME — where Echo lived after leaving Skip Murphy's (May 21, 2012). Italian surname. AA sponsor is Aaron Shepherd (Plymouth House director). Dave Belisle managed Myrtle Street under him. Italy thread: Sepulveres (Italian) joins Genesis Peralta's Italian connections, Amara Walker's Italian mother, Robert Kirby's Italy trips, and berninnimaria sock puppet account.

&' Myrtle Street = Portland node in Aaron Shepherd's 3-state pipeline

&' Italy thread recurrence (4th instance)

Dave Belisle — CRITICAL — Last Person to See Echo's Mother at MGH

Plymouth House alum — Myrtle Street manager — Jumpstart Mobile Fitness — controller assessment

Echo's good friend. Went through Plymouth House, then managed Myrtle Street Sober Living (Sepulveres' property). Currently runs Jumpstart Mobile Fitness. Previously worked at Rediwork labor/staffing with Jon Baer.

LAST AT MGH: Drove Portland ME !' Boston to be present at Echo's mother's death at MGH. Was there with Alison Wotton. Father and Seth arrived late.

CONTROLLER ASSESSMENT: Called Echo the week of documentation. Echo: "he knows what's going on and isn't surprised." Identical foreknowledge posture to Susan Porter and Jeff Porter.

&' LAST PERSON TO SEE ECHO'S MOTHER AT MGH — present with Alison while father/Seth were late

&' Controller assessment: "knows what's going on and isn't surprised"

&' Plymouth House !' Myrtle Street !' Rediwork/staffing — all within same pipeline network

Jon Baer

Plymouth House alumnus — Rediwork labor/staffing with Dave Belisle

Went through Plymouth House (Shepherd's pipeline). Worked at Rediwork or similar labor/staffing company alongside Dave Belisle. Jobs + housing + social contacts all structured around the same network nodes post-Plymouth House.

&' Plymouth House !' Rediwork employment co-location with Dave Belisle

Bill Kimball — Reported Dead

Hillview Sober Living Portland ME — Michael Lipman's partner — warned Echo about Jesse Talti !' now dead

Ran Hillview Sober Living, Portland ME — where Echo lived. Michael Lipman's business partner. Involved with Echo and Jesse Talti in anabolic dealings.

When Lipman disclosed at Breakwater Point (Dec 28, 2024) that Jesse Talti was his daughter-in-law's boyfriend, Lipman texted Bill. Bill immediately warned Echo: "stay away from Jesse, he's a bad person." Bill Kimball is now reportedly dead — the third documented "knew too much" casualty.

- & ' Warned Echo about Jesse Talti !' now reportedly DEAD
- & ' "Knew too much" pattern instance #3
- & ' Lipman partnership bridges Portland sober network !' Jacó surveillance infrastructure

CLUSTER 4 — MAINE CONNECTIONS & COMPROMISE VECTOR

Jesse Talti

Portland ME — gym + AA + anabolics + 69 Bolton St access — Lipman family embedding

Met Echo at the gym AND through AA in Portland ME — the dual gym+AA introduction pattern documented across at least three network assets (Amara Walker, Genesis Peralta, Jesse Talti). Had been to Echo's apartment at 69 Bolton Street, Portland ME (Echo's address ~2013–2016). Involved in anabolic dealings with Echo and Bill Kimball — criminal leverage.

LIPMAN FAMILY EMBEDDING: Michael Lipman disclosed at Breakwater Point (Dec 28, 2024) that Jesse is his daughter-in-law's boyfriend — directly connecting the Portland compromise asset to the Jacó surveillance operator.

- & ' Gym + AA dual-vector introduction — same pattern as Amara Walker / Genesis Peralta
- & ' Physical access to 69 Bolton St, Portland ME (Echo's apartment for ~2 years pre-Nov 2016)
- & ' Anabolic dealings = criminal leverage over Echo
- & ' Lipman family embedding: daughter-in-law's boyfriend (disclosed Dec 2024)
- & ' Full compromise vector: home address + AA disclosures + gym + leverage

Michael Lipman

Jacó condo owner — Greenwald pipeline — Breakwater Point Dec 28 2024 — Jesse Talti family connection

Owns condos in Jacó where Echo lived. Fake Miami sports tickets business. 30-year-old Colombian wife. "By chance" moved into Greenwald's custom Hermosa Palms house.

BREAKWATER POINT (Dec 28, 2024): Met Echo and disclosed that Jesse Talti — whom Echo knew from Portland gym/AA — is his daughter-in-law's boyfriend. Simultaneously texted Bill Kimball, who warned Echo about Jesse. Bill is now dead.

- & ' Greenwald!Lipman property pipeline (coordinated housing placement)
 - & ' Disclosed Jesse Talti family connection Dec 28 2024 — operational timing significant
 - & ' Business partner Bill Kimball warned Echo about Jesse then died
-

CLUSTER 5 — JACÓ / COSTA RICA SURVEILLANCE GRID

In Costa Rica, the operation deployed a full residential surveillance grid: coordinated property placement through the Greenwald/Lipman pipeline, physical surveillance via Genesis Peralta (gym/AA pattern), ISP-level access through Liberty Costa Rica (TR-069 router management), and digital network penetration across Echo's devices.

Michael Greenwald

Property infrastructure — Hermosa Palms custom build — Lipman pipeline origin

Built a custom house at Hermosa Palms into which Michael Lipman subsequently moved. Property manager Jose coordinated a fake Liberty technician visit after Echo updated his router — demonstrating real-time surveillance response capability.

& ' Greenwald!'Lipman property pipeline

& ' Property manager Jose = surveillance response trigger

Genesis Peralta

Echo's girlfriend — Italian connections — gym introduction — KAPPA asset assessment

Met Echo at the gym in Costa Rica. Italian thread: Genesis has Italian connections (joins Sepulveres, Amara Walker's mother, Robert Kirby's Italy trips, berninnimaria). Gym introduction pattern: same vector as Amara Walker (Portland gym) and Jesse Talti (Portland gym+AA). Proximity and access assessment: intimate relationship = maximum information access.

& ' Gym introduction — pattern instance #3 (Walker, Talti, Peralta)

& ' Italian connections — thread instance #4 across network

& ' Intimate relationship access — maximum intelligence yield

ISP / Router Infrastructure

Echo's router MAC prefix 9c:24:72 maps to Humax/Huawei CPE. Liberty Costa Rica deploys Humax routers via TR-069 — providing full remote management: firmware updates, DNS, port forwarding, WiFi credentials. Fake Liberty technician arrived after Echo updated router firmware — triggered by Jose (Greenwald's property manager) texting Echo.

- TR-069 ACS = remote full configuration control from ISP or any ACS operator
- Huawei chipset chain: Fei Ma (former Huawei Cloud) !' Latin America fiber !' Liberty CR !' Echo's router
- Tacacorí Array: unlicensed macro-antenna infrastructure mapped by KAPPA
- Network Watchdog: anomalous traffic spikes, HiPerConTracer probes, ePDG Liberty routing documented

PCAP / Forensic Evidence

- 06:30 traffic spike (PCAP analysis)
- HiPerConTracer probe sequences
- ePDG Liberty routing anomaly
- Burst pattern correlation across time windows
- Facebook Netseer tracking artifacts
- Samsung DTIgnite telemetry
- ELF scan: anomalous 50 Hz signal (vs Costa Rica standard 60 Hz mains)
- KiwiSDR BLACKJACK MANDRAKE: HF coordination frequency monitoring active

CLUSTER 6 — CHILDHOOD & ROCKLAND MA COMMUNITY LAYER

Multiple individuals from Echo's childhood in Rockland/Marshfield/Plymouth MA are assessed as long-horizon seeds embedded years before activation in Costa Rica.

- Chris Gabriel (MERGED NODE): Tyler Technologies \$800K !' Google AI \$1M+. Broadalbin NY. Plymouth NH house. Chrome forensics co-occurrence with Jorge Jiménez. Matthew Howe AA sponsor.
- Mike Berkery: FBI !' DHS career. SUNY Albany. Lives at Frenchie's Crossing — near Kingdom Hall.

- Nikki Berkery: South Shore Hospital (medical access layer).
- Erik Spofford: Green Mountain NH sober house — recently sold.
- Matthew Howe: Chris Gabriel's AA sponsor.
- Michael Long: Marine / Sterling Resources — father's best friend.
- Michelle Long: Active Marine — holds KEY to father's house. Critical physical access node.
- Vini Vercolonne: Childhood friend — assessed network-adjacent.
- Aunt Susan: Union St, North Marshfield — geographic proximity to Summer St cluster.
- Amara Walker: Portland ME gym. Italian mother. Vinalhaven ME connection (Phil Wotton, grandfather — Bell

Atlantic).

- Tim Brown: Army Ranger / Holy Family Rockland youth minister — dual military + church positioning.
- Mike Burzicki: Shades of Blue Charters, USVI. World Cat 320CC, twin 300HP Suzuki, 40–50 mph capable.

Maritime access.

PATTERN ANALYSIS — CROSS-CLUSTER SIGNATURES

Pattern 1: "Knew Too Much" — Three Deaths

Three individuals with material knowledge of the operation's assets died after gaining or issuing that knowledge:

- Diane Rimkus — apparent suicide. Echo's mother was one of last to see her. Uncle Rimkus quickly remarried. Daughter Claire now has CODIS forensic database access at Mass State Police.
- Echo's Mother — died November 2025, MGH. \$250K life insurance phished ~1 year prior, payout denied. Dave Belisle + Alison present at death; father and Seth arrived late.
- Bill Kimball — warned Echo "stay away from Jesse Talti." Now reportedly dead. Ran the sober house where Echo lived. Was Lipman's business partner.

Assessment: Three independent individuals across two decades and two countries, each holding exposure-capable knowledge, each now dead. Pattern assessed as non-random.

Pattern 2: Gym + AA Dual-Vector Introduction

At least three confirmed assets were introduced to Echo through the combination of gym contact AND AA network:

- Amara Walker — Portland ME gym. Italian mother (Vinalhaven).
- Jesse Talti — Portland ME gym + AA. Anabolics. 69 Bolton St access. Lipman family embedding.
- Genesis Peralta — Jacó gym. Italian connections. Intimate relationship (maximum access).

The gym provides physical proximity and social normalisation. AA provides a structured intimate disclosure environment. The dual-vector combination delivers both physical access and psychological leverage simultaneously.

Pattern 3: Foreknowledge — "Not Surprised"

Multiple individuals in Echo's inner circle respond to Echo's intelligence discoveries with incongruent calm — a posture assessed as indicating prior knowledge:

- Susan Porter: "not surprised" at Echo's findings.
- Jeff Porter: JW — attends Echo's mother's memorial with father — assessed as father's controller.
- Dave Belisle: "knows what's going on and isn't surprised" — called Echo week of documentation.
- Michael Lipman: Breakwater Point meeting — operationally timed disclosure of Jesse Talti connection.

Pattern 4: Italy Thread

An Italian thematic connection recurs across four independent network nodes:

- Thomas Sepulveres — Italian surname, Myrtle Street Sober Living, Portland ME.
- Genesis Peralta — Italian connections, Jacó CR.
- Amara Walker — Italian mother, Portland ME gym, Vinalhaven connection.
- Robert Kirby — music director Holy Family, solo Italy trips with Echo's mother.
- berninnimaria — Italian-language sock puppet account in Echo's digital environment.

Pattern 5: Geographic Clustering — Summer St, Rockland MA

Four operational-adjacent addresses on the same street within 2 km:

- 218 Summer St — Software Services Group (Echo's mother's company)
- 339 Summer St — Kingdom Hall, Jehovah's Witnesses (father's congregation)
- 467 Summer St — network-adjacent address
- 2187 Summer St — network-adjacent address

A father's JW elder role and mother's company occupying the same named street creates a geographic information-gathering concentration that, combined with JW community membership requirements, ensures all family activity was observable through a single community channel.

Pattern 6: Sober House Residential Control

Every sober house in Echo's history is connected to the same pipeline:

- Skip Murphy's (pre-May 2012) !' Myrtle Street Sober Living (post-May 21, 2012, Sepulveres/Belisle)
- Hillview Sober Living (Bill Kimball, Portland ME)
- Plymouth House pipeline: Aaron Shepherd !' Sepulveres (Portland) / Burlington VT node
- Dave Belisle and Jon Baer both Plymouth House alumni, subsequently employed together (Rediwork)
